

CME on 'Strategies for control and management of emerging and re-emerging disease threats in India'

RUHS organized a CME on 27th June 2016 in LT- 2 of Administrative Block, RUHS CMS which was attended by faculty, clinicians, and undergraduate and postgraduate students of RUHS and its constituent colleges.

The CME was inaugurated by Honorable Vice Chancellor of RUHS, **Dr. Raja Babu Panwar**. Dr. Raja Babu Panwar welcomed the resource faculty and gave the inaugural speech. He expressed his faith and confidence that the resource faculty, which included eminent national and international experts in their respective field will highlight in detail the emerging content areas and global trends on the topic.

From Left to Right: Dr. Raja Babu Panwar, Honorable Vice Chancellor of RUHS, Dr. N.K. Ganguly , Dr. V.M. Katoch , and Dr. Kiran Katoch

The resource faculty included **Dr. N.K. Ganguly (Key speaker)**, Padma Bhushan, Former Director General, ICMR and Distinguished Biotechnology Research Professor, National Institute of Immunology; **Dr. V.M. Katoch**, Former Secretary, Health Research & Director General, ICMR, New Delhi; NASI ICMR chair for Health Research, RUHS; **Dr. Bharti Malhotra**, Senior Professor, Microbiology & Dean Faculty of Medicine, Rajasthan University of Health Sciences, Jaipur; **Dr. Kiran Katoch**, Former Director, NJIL and OMD

Resource faculty (Dr. Bharti Malhotra, Dr. Kiran Katoch, Dr. V.M. Katoch, Dr. N.K. Ganguly) sitting amongst the audience during various sessions of the CME

RUHS Faculty and students attending the CME

Vice Dean, Academics and Research, acknowledged the speakers for discussing practical issues aimed at improving the quality of healthcare services of the institute.

CME participants gave tremendous positive feedback and said that they found the format of the conference very engaging and informative. They appreciated the initiative of RUHS in organizing this conference and expressed the need to have such meetings on a regular basis for updating their knowledge about developments in the field of medical science.

Rajasthan Medical Council (RMC) accredited the CME and accorded 2 credit hours for the participants.
